The Book of Mormon shall stand as a testimony against the world, Ether 5:4. Ask God if these things are not true, Moro. 10:4. Christ bore testimony that the Book of Mormon is true, D&C 17:6. The Book of Mormon contains the fulness of the gospel of Jesus Christ, D&C 20:9 (D&C 20:8–12; 42:12).

~~Book of Mormon—Church of Jesus Christ~~

The Book of Mormon is a sacred text of the Latter Day Saint movement, which, according to Latter Day Saint theology, contains writings of ancient prophets who lived on the American continent from approximately 2200 BC to AD 421. It was first published in March 1830 by Joseph Smith as The Book of Mormon: An Account Written by the Hand of Mormon upon Plates Taken from the Plates of Nephi.

~~Book Of Mormon Revised Authorized Edition~~

However, the Community of Christ (previously called the Reorganized Church of Jesus Christ of Latter-day Saints) published an edition in 1966 called the Revised Authorized Version of the Book of Mormon, which did indeed attempt to modernize the language, without being (as far as I can tell) a new "translation".

~~lds—Is the English translation of "Book of Mormon" ever ...~~

The Book of Mormon is a sacred text that was published in March 1830 by Joseph Smith, Jr. According to Smith, the book is originally written in an otherwise unknown language called “reformed Egyptian” on golden plates and it should be of similar importance as the Bible. Smith said he has received these plates in 1827 from an angel named Moroni, who identified himself to Smith as a Native ...

In addition to the 1908 Authorized Version, the Community of Christ continues to publish its Revised Authorized Version of the Book of Mormon, which was first printed in 1966. I do not yet own a copy, and I probably will buy one, but my impression from the little that I have read about it is that it may have more changes in wording than I would have preferred.

The Revised Authorized Version is the original name give to the New King James Version of the bible. The title "Revised Authorized Version", is also used for an edition of the Book of Mormon based on 1908 Authorized Version, 1837 edition and "original manuscript".

~~Revised Authorized Version—Textus Receptus~~

Joseph Smith, "Book of Mormon: Revised Authorized Version," Herald Publ. House, (1973) Read reviews or order this book . James Talmage, "Jesus the Christ: A Study of the Messiah and His Mission According to Holy Scriptures Both Ancient and Modern," Deseret Books, (Reprinted 1982).

The Book of Mormon is a volume of holy scripture comparable to the Bible. It is a record of God's dealings with the ancient inhabitants of the Americas and contains, as does the Bible, the fulness of the everlasting gospel.

This computer-generated concordance is a valuable reference tool for both the Authorized Version and the Revised Authorized Version.

The complete Inspired Version of the Bible, Book of Mormon, and Doctrine and Covenants (includes Section 161). Includes presentation and family record pages, and concordance.

Regarded as sacred scripture by millions, the Book of Mormon -- first published in 1830 -- is one of the most significant documents in American religious history. This new reader-friendly version reformats the complete, unchanged 1920 text in the manner of modern translations of the Bible, with paragraphs, quotations marks, poetic forms, topical headings, multichapter headings, indention of quoted documents, italicized reworkings of biblical prophecies, and minimized verse numbers. It also features a hypothetical map based on internal references, an essay on Book of Mormon poetry, a full glossary of names, genealogical charts, a basic bibliography of Mormon and non-Mormon scholarship, a chronology of the translation, eyewitness accounts of the gold plates, and information regarding the lost 116 pages and significant changes in the text. The Book of Mormon claims to be the product of three historical interactions: the writings of the original ancient American authors, the editing of the fourth-century prophet Mormon, and the translation of Joseph Smith. The editorial aids and footnotes in this edition integrate all three perspectives and provide readers with a clear guide through this complicated text. New readers will find the story accessible and intelligible; Mormons will gain fresh insights from familiar verses seen in a broader narrative context. This is the first time the Book of Mormon has been published with quotation marks, select variant readings, and the testimonies of women involved in the translation process. It is also the first return to a paragraphed format since versification was added in 1879.

An illustrated edition of the Bible provides helpful introductions to each of the sixty-six books, marginal notes that clarify obscure references and terms, a timeline, and a comprehensive index. 20,000 first printing.

The Didache means "The Teaching" – Christian traditions has claimed that "The Teaching" is nothing less than the teaching of the Twelve Apostles to the early-Church. The Didache was considered by many in the early-Church as part of the New Testament. It fell out of the New Testament as time passed, but continued to serve as a Christian manual. The Didache was lost for centuries until 1873, when a Greek manuscript was rediscovered. The Didache serves as an important historical document in the early-Church, as well as providing solutions to practical Church questions such as does a person have to be dunked during baptism, or can water simply be poured over the head? This copy has been translated by R. Joseph Owles from the Greek into every day, contemporary language, and is formatted in a way that makes it easy to both read and understand.

Available for the first time fifty years after the author's death, *Studies of the Book of Mormon* presents this respected church leader's investigation into Mormonism's founding scripture. Reflecting his talent for combining history and theology, B. H. Roberts considered the evident parallels between the Book of Mormon and Ethan Smith's *View of the Hebrews*, a book that predated the Mormon scripture by seven years. If the Book of Mormon is not historical, but rather a reflection of the misconceptions current in Joseph Smith's day regarding Indian origins, then its theological claims are suspect as well, Roberts asserted. In this and other research, it was Roberts's proclivity to go wherever the evidence took him, in this case anticipating and defending against potential future problems. Yet the manuscript was so poorly received by fellow church leaders that it was left to Roberts alone to decide whether he had overlooked some important piece of the puzzle or whether the Mormon scripture's claims were, in fact, illegitimate. Clearly for most of his colleagues, institutional priorities overshadowed epistemological integrity. But Roberts's pathbreaking work has been judged by the editor to be methodologically sound-still relevant today. It shows the work of a keen mind, and illustrates why Roberts was one of the most influential Mormon thinkers of his day. The manuscript is accompanied by a preface and introduction, a history of the documents' provenances, a biographical essay, correspondence to and from Roberts relating to the
