On Nov. 4, 2015, Justin Trudeau became Canada's 23rd prime minister. Trudeau promised to govern differently - in an optimistic and transparent way. Instead, as author and Sun columnist Candice Malcolm reports in this detailed examination of his earliest decisions, Trudeau has chosen to pursue a cynical political agenda to manipulate Canada's immigration system. As authorities in Europe struggle to respond to terror attacks and waves of migration from conflict zones, Trudeau is haphazardly throwing Canada's doors open to the world. Why is Trudeau granting Canadian citizenship to a convicted terrorist? Why is he scrapping the language test for many citizenship applicants? Malcolm puts forward compelling evidence that the prime minister is undermining Canadian values - and doing it for one simple reason: so his Liberal Party can win favour with special interest groups and add to its voting coalition in time for the next election. With his radical changes to our immigration system, Trudeau is sacrificing Canada's traditions and advantages. He is putting our economy, our national security and our very way of life at risk. Trudeau is changing our country - and changing what it means to be Canadian. Losing True North is a wake-up call to all Canadians.

Classic Books Library presents this brand new edition of [The Federalist Papers], a collection of separate essays and articles compiled in 1788 by Alexander Hamilton. Following the United States Declaration of Independence in 1776, the governing doctrines and policies of the States lacked cohesion. [The Federalist], as it was previously known, was constructed by American statesman Alexander Hamilton, and was intended to catalyse the ratification of the United States Constitution. Hamilton recruited fellow statesmen James Madison Jr. and John Jay to write papers for the compendium, and the three are known as some of the Founding Fathers of the United States. Alexander Hamilton (c. 1755|1804) was an American lawyer, journalist and highly influential government official. He also served as a Senior Officer in the Army between 1799-1800 and founded the Federalist Party, the system that governed the nation's finances. His contributions to the Constitution and leadership made a significant and lasting impact on the early development of the nation of the United States.
