Tobias is a skilled Dom, able to bring even the most hesitant submissive around. Noah is a man in need of just that. He wants to sub badly, but has yet to find someone he believes can take him where he needs to go. Through a series of encounters in the world of bondage and

discipline, Noah reveals why he has trouble trusting, why he needs such a firm, steady hand. Tobias may allow himself to dominate, but he has trouble letting himself love. Still, Tobias can't resist Noah's charms, and the two of them set about making a scene for themselves, one that works for them and their unique set of problems. They learn to love, but can they stay together while they explore each others' secrets, in a world where all is laid bare and emotions run high? From authors Chris Owen, writer of the popular Bareback, and Jodi Payne, writer of String of Pearls comes a romance on the deviant side, where love is all tied up with the need to submit, the need to dominate, and the need to share a life of exploration and care. These two skilled authors create a world that's hard to resist, and a book that's even harder to put down.

In *Safe Words*, which picks up where the Deviations series left off, Tobias, Noah and Phan are all working on finding their place, both at Bradford's club and in their personal lives. They're all living together, and Tobias has taken on the roll of full-time Dom, which he loves, but finds incredibly challenging. While Noah finds comfort in the new state of things and is looking forward to deeper submission, but Phan is finding it harder to strike a balance. Too many changes happening too fast are making Phan act out, and neither Tobias nor Noah are sure how to deal with it. Life is not perfect for Bradford, either, as he discovers new feelings for his sub Nikki. Can Tobias help his friend, manage his job teaching the other Doms, and his relationships with Noah and Phan, or will the house that he's built for himself fall down around their ears? The Deviations series includes: *Deviations Submission*, *Deviations Domination*, *Deviations Discipline* and *Deviations Bondage*.

The Code of Federal Regulations is the codification of the general and permanent rules published in the Federal Register by the executive departments and agencies of the Federal Government.

Tobias and Noah explore their relationships more deeply than they ever have, not just with their own dominance and submission, but with their friends. As Noah helps Tobias through the loss of someone dear, he finds Tobias helping him, too, leading him through some intense sexual games, breaking down the last of Noah's fears, and helping him face his biggest one. The cage. Meanwhile, Tobias' ex-lover, Phantom, becomes close friends with Noah as they discover and try to resist the simmering sexual tension between them. Their teasing turns to real support when Phantom reaches the breaking point thanks to the lack of a master in his life, something he desperately needs. While Bradford works to become that master, Tobias and Noah go to Paris, where they see the sights, go to sex clubs, and re-negotiate their contract. Returning from Paris to their own lives brings then all sorts of new difficulties, from deciding whether they should love together to trying to figure out just where Phantom belongs in their ever-changing relationship. *Deviations: Discipline* is the third book in the popular Deviations series, which begins with *Deviations: Submission*, and *Deviations: Dominance*. Chris Owen and Jodi Payne have another winner on their hands, a gripping, emotional tale that you won't want to miss!

Fans of the iconic Deviations series will fondly recall Bradford as the beloved owner and Master of the elite and exclusively male BDSM club that anchors the series, and also as the wise man who introduced Tobias and Noah. Dominant Bradford's story is one defined by sudden opportunity, unimaginable heartbreak, and new-found purpose. His calling is to provide a safe and supportive environment for men in the lifestyle. Bringing Doms and subs together is his superpower, yet he feels fated to be alone himself. In this prequel to the series, you'll discover how Bradford is first drawn to Nikki, a beautiful and hungry young man living on the streets, and the unexpected ways Bradford grows and changes while helping Nikki understand a world of strange, new desires. Deviations readers already know outcome of Bradford and Nikki's journey together. Soft Limits is a deep-dive into Bradford's story, into what makes the Dom tick, and how he ended up with ownership of the club. It also introduces Nikki, the sub that tests Bradford's patience, steals his heart, and soothes his soul.
