"Critical Care MCQs" is the perfect companion for anyone sitting exams in intensive care, as a training resource or just wanting to improve their knowledge in this constantly developing area of medical practice. Written by critical care doctors with experience of UK and European examination formats, this book leads the reader through 450 true/false questions with referenced explanations, covering core syllabus topics and key influential papers to date. A detailed list of further resources and recommendations relevant to critical care revision is also provided to enable readers to further their knowledge and understanding. It is hoped that this book will prove invaluable for preparation and success in upcoming intensive care exams for both candidates and trainers. This book would be useful for not only candidates sitting the UK Final Fellowship of Intensive Care Medicine (FFICM) and European Diploma of Intensive Care (EDIC) exams, but also the Indian Diploma in Critical Care Medicine (IDCCM), the Diploma of the Irish Board of Intensive Care Medicine (DIBICM), the Australia and New Zealand Fellowship of the College of Intensive Care Medicine (CICM), American Board and any other examinations related to intensive care.

Covering both common and uncommon conditions this book highlights an authentic evidence-based approach for the management of skin disorders. It presents the disorders in an alphabetical order and discusses their clinical features followed by a quick exposition of the relevant aetiology and pathogenesis. It then explains clinical diagnosis with the help of photographs vividly illustrating the features of the disorder. Management of the disorder has then been lucidly explained by organising the therapeutic data into a three-layered evidence-based approach. A large number of flowcharts summarising this approach have been included to serve as quick reference points for the busy clinician.

With over 1000 questions, MCQs and EMQs in Surgery is the ideal self-assessment companion guide to Bailey & Love's Short Practice in Surgery. The book assists readers in their preparation for examinations and to test their knowledge of the principles and practice of surgery as outlined within Bailey & Love.Sub-divided into 13 subject-s

Incorporating and balancing advancing subspecialization is a significant challenge of modern surgery. The changes of surgical education and early subspecialization is a smaller spectrum of experience of graduating surgeons joining the rural workforce. Surgeons working in rural and remote hospitals, however, must be proficient in the great breadth of current surgical practice and face a number of challenges and demands that are specific to rural surgery. This textbook provides an update on the evidence and surgical techniques for the experienced rural surgeon and most importantly is a guideline for younger surgeons and surgical trainees joining the general surgical workforce in rural and remote areas around the world.
