Poet Kazi Nazrul Islam selected and compiled some of his best poems and lyrics in a volume and named it as 'Sanchita'- the selected poems and lyrics. Those resourceful poems and lyrics in 'Sanchita' uphold human dignity, religious harmony, truth, beauty, pain and love. His poems validated the philosophy of human values and social justice. The superb poetic excellence is manifested in every page of 'Sanchita'-the masterpiece of literature. Poet Kazi Nazrul Islam captured the theme of love and humanity in the poems that readily demonstrated his feelings for the mankind, his rebelliousness against injustice and his emotions as a lover for his beloved in concrete and sublime form. The Poet gave the impression of being so romantic in his feelings and emotions. He merged himself with the beautiful hills, forests, birds, mountains, rivers and seas around him and expressed his feelings of happiness and pain as if he is a part of the nature by being a true lover. The philosophy of universal equality of mankind reflects very much on the center theme of his poems. He urged to all mankind to amalgamate the differences and hindrances that exist in the religion and society and bring them at one confluence of equality. As he wrote, wisdom of equality lies in the heart, not in the scriptures of religions.

Kazi Nazrul Islam, 1899-1976, Bengali poet from Bangladesh.

Text in English & Bengali. "His large unfocused eyes found me ambling about in the garden. Although he did not speak, he exuded a

tremendous aura which made me want to hold him close and probe his silence. I often had the impression that he wore his silence like a chain that bound him to a grief we could never completely reach or even understand. My fleeting memories of the ailing poet grew to an almost obsessive desire to understand his personality through the various objects and manuscripts I collected throughout my life. Nazrul's works have often been taken up for dissertations and scholarly speculations in many books and journals since his death. However, this book is more of a personal approach to understand the towering presence behind an astonishing corpus of one of the most influential Bengali poets of the twentieth century, hence the format of a photo album. My object here is to, primarily, inform the newer, English and Bengali -- reading generation who have seldom had access to such a wealth of material that would inevitably end up shedding more light on his works. If this is realised to some acceptable degree, I would consider myself, finally, satisfied." -- Kazi Anirban

This book is an attempt at deconstructive counter-reading or at what Jonathan Dollimore called “ creative vandalism ” (2018) of existing cultural or literary texts. Deconstruction is a much maligned or a much misunderstood word and for many, it usually bears a pejorative ring. While most would flaunt their familiarity with some of its philosophic jargons, for the majority, it is an area to be dismissed as intellectual obscurity or abstruse ‘ high theory ’ . In fact there is a serious dearth of Derrida scholarship because of our collective aversion to Derrida that emanates from our lack of familiarity or engagement with deconstruction theory or with the philosophy of deconstruction. Norm-deviant reading strategies of deconstruction offer fresh insights and rebellious interpretative possibilities. Please note: Taylor & Francis does not sell or distribute the Hardback in India, Pakistan, Nepal, Bhutan, Bangladesh and Sri Lanka.
