A series of books for Classes IX and X according to the CBSE syllabus and CCE Pattern

A series of six books for Classes IX and X according to the CBSE syllabus. Each class divided into 3 parts. Part 1 - Physics. Part 2 - Chemistry. Part 3 - Biology

A series of six books for Classes IX and X according to the CBSE syllabus

A series of six books for Classes IX and X according to the CBSE syllabus

Concise and accurate treatment of the subject matter. Comparative tables to highlight the differences between important terms. Profusely illustrated with examples and well-labelled diagrams. All the chapters contain new material as per the latest syllabus.

This book has been written in accordance with the latest syllabus prescribed by the central board of secondary education, Delhi for secondary education (C.B.S.E) examination. The present book will help you to self-understand the subject in a better way. Unique features of this book1. Written in very simple, easy to understand student friendly language.2.The answer is written in a comprehensive style in most cases with well-illustrated and labeled diagrams where ever it was required.3.All chapters of science book are covered.4.All questions are made at par with CBSE question standard.5.Every question has four options and they are very informative though only one will be the correct answer.6.All questions are answered at last of each chapter.7.Every answer is explained in detail.8.Other than correct answer all other options are also discussed to understand why they are not the correct option for that question.9.About 1200 Q & A. I hope this book will prove very useful to the students and teachers. Suggestions and constructive criticism for the further improvement of the book would be gratefully acknowledged and should incorporate in coming editions.

This text book is primarily intended for students who are preparing for the entrance tests of IIT-JEE/NEET/AIMS and other esteemed colleges in same fields. This text is equally useful to the students preparing for their school exams. Main Features of the Book 1. Every concept is given in student friendly language with various solved problems and checkpoint questions. The solution is provided with problem solving approach and discussion. 2. Special attention is given to tricky topics (like- work energy theorem, conservative and non conservative forces, conservation of mechanical energy, work done by non conservative forces, power of pump and chain related problems) so that student can easily solve them with fun.. 3. To test the understanding level of students, multiple choice questions, conceptual questions, practice problems with previous years JEE Main and Advanced problems are provided at the end of the whole discussion. Number of dots indicates level of problem difficulty. Straightforward problems (basic level) are indicated by single dot (?), intermediate problems (JEE mains/NEET level) are indicated by double dots (??), whereas challenging problems (advanced level) are indicated by three dots (???). Answer keys with hints and solutions are provided at the end of the chapter.

Based on Sanskrit mathematical aphorisms found in the Atharvaveda.
