There's also a history of hens and roosters through the ages, an introduction to the breed basics, and reportage photography from behind the scenes at the shows. Beautiful Chickens is the perfect gift for anyone, whether their fancy is for all things fowl or simply for beautiful photography. It's the coffee-table book guaranteed to get your guests talking, whether clucking over the remarkable imagery or ruffling feathers with poultry observations.

leading ornithologist. Culled from The Sibley Field Guide to Birds, each bird is lovingly rendered in watercolors by David Sibley and chosen with their individual beauty and prominence in the country (with special focus on backyard birds) in mind. Housed in an elegant keepsake box, these postcards are ideal for mailing to friends and family, framed and used as décor, or attached to presents as unique gift tags.

A humorous, illustrated, pocket field guide describing where to find—or

where to avoid—the most disturbed North American birds. The Mincing Mockingbird Guide to Troubled Birds allows anyone to quickly identify psychotic, violent or mentally unstable bird species—and provides the perfect gag gift for your bird loving (or fearing) friends and family.

Throughout the book the reader will discover tales of murder, assault, mental breakdowns, obesity, drug abuse and infidelity among the birds. This guide is used and recommended by law enforcement agencies and ignored by leading ornithologists. We are only

just discovering the reality of our avian adversaries, with their reptilian brains, their appetites for mayhem and the fact that they fly mostly to spite us. To ignore the information found within this volume may be at the peril of your very life. Perfect for: • White elephant gifts • Animal lover gifts • Bird lovers gift • Gag gifts • Funny gifts • Christmas gifts

delightful but dirty
aphorisms (think "I'm going

Including never-before-seen birds, insults, and field notes, this guide is a must-have for any effin' fan or birder.
