This is the NASAR Search Management Textbook.

A revealing biography of Britain's future king by a New York Times–bestselling author the Wall Street Journal hails “the Godfather of royal reporting.” With exclusive interviews and extensive research, King Charles delivers insight into the life of His Royal Highness, the Prince of Wales, as he nears the throne at a watershed moment in modern history and in the British monarchy. Author Robert Jobson debunks the myths about the man who will be king, going beyond bogus media caricatures of Charles to tell his true story. Jobson—who has spent nearly thirty years chronicling the House of Windsor, and has met Prince Charles on countless occasions—received unprecedented cooperation from Clarence House, the Prince's office, in writing this biography. King Charles divulges the full range of the Prince's political beliefs: the United Kingdom's special relationship to the United States, climate change, Brexit, and immigration—to ultimately portray the kind of monarch Charles III will be. Jobson taps a number of sources close to the Prince who have never spoken on the record before, plus members of the Royal Household who have served the Prince during his decades of public life. This comprehensive profile also reveals the plans for Charles to serve as Prince Regent once the Queen turns ninety-five; how at her insistence he already reads all government briefings; and why he feels it is his constitutional duty to relay his thoughts to ministers in his controversial “black spider

memos.” Moreover, King Charles reveals the truth about the Prince’s relationship with his second wife and chief supporter, Camilla. The result is an intriguing portrait of a man on the cusp of kingship.

[No.] 67 (1982/1)- include material on Luxemburg.

The adored actress behind the character Nikki Newman of *The Young and the Restless* tells all in this scintillating memoir, divulging the insider details of her dramatic life and forty-year career. Melody Thomas Scott admits she is nothing like her *The Young and the Restless* role, which has seen it all in her forty-year tenure on America’s highest-rated daytime serial. But the high drama, angst, and catastrophes aren’t confined to her character’s plotlines. In this captivating memoir, Melody reveals behind-the-scenes tales of her own riveting journey to becoming an icon. As Nikki Newman went from impoverished stripper to resourceful, vivacious heroine—with missteps as gripping as her triumphs—Melody became a household name, enthralling audiences across the globe. But her road to stardom also had to be one to freedom marked by an escape fit for cinema. In *Always Young and Restless*, Melody tells of her troubled, untraditional upbringing for the first time. Readers will learn how she suffered at home with her hoarder grandmother, whose cruelty as her manager is shockingly extreme; abuse at the hands of industry men; the intensity of acting in feature films with Alfred Hitchcock and Clint Eastwood; and how she finally took control of her life and career, in a getaway move as daring as any on *The Young and the Restless*. And of course, Melody divulges forty years’ worth of juicy on-and-off-set details of what it’s like to be one-half of the show’s most successful supercouple,

“Niktor,” plus her personal path to healing, love, and family. In witty, warm prose, meet the shining, persevering heart of an American icon—and prepare to be moved by a life story fit for a soap opera star.

A “thoroughly researched, stranger-than-fiction” history of the world’s tiniest rebel nation, filled with intrigue, armed battles, and radio pirates (Robert Jobson, author of *Prince Philip’s Century*). In 1967, a retired army major and self-made millionaire named Paddy Roy Bates cemented his family’s place in history when he inaugurated himself ruler of the Principality of Sealand, a tiny dominion of the high seas. And so began the peculiar story of the world’s most stubborn micronation on a World War II anti-aircraft gun platform off the British coast. Sealand is the raucous tale of how a rogue adventurer seized the disused Maunsell Sea Fort from pirate radio broadcasters, settled his eccentric family on it, and defended their tiny kingdom from UK government officials and armed mercenaries for half a century. Incorporating original interviews with surviving Sealand royals, Dylan Taylor-Lehman recounts the battles and schemes as Roy and his crew engaged with diplomats, entertained purveyors of pirate radio and TV, and even thwarted an attempted coup that saw the Prince Regent taken hostage. Incredibly, more than fifty years later, the self-proclaimed independent nation still stands—replete with its own constitution, national flag and anthem, currency, and passports. Featuring rare vintage photographs of the Bates clan and their unusual enterprises, this account of a dissident family and their outrageous attempt to build a sovereign kingdom on an isolated platform in shark-infested waters is the stuff of legend. “Memorable . . . This idiosyncratic history entertains.” *?*Publishers Weekly “Endlessly captivating, like a thriller, and filled with crisp, evocative writing. Now, you’ll have to excuse me, I’m visiting
