A scientifically proven 9-step program for understanding the dating brain and finding the love of your life Psychiatrist Paul Dobransky presents a patented, clinically proven, easy-to-follow nine-step program that can lead to lasting love. Successful romantic relationships have three phases: 1. Attraction 2. Bonding in friendship 3. Commitment Dr. Dobransky demonstrates how each of these stages is dealt with by a particular part of the brain. By appealing to each of these three "brains" in order, we can build a relationship that will last for a lifetime. Drawing on real-life case studies and accessible scientific theory, Dr. Dobransky explains how and why we make the romantic choices we make and shows how we can identify the right person for us and enjoy true love that stands the test of time.

The #1 New York Times bestseller—a thrilling new romance from E L James, author of the phenomenal bestselling Fifty Shades Trilogy. London, 2019. Life has been easy for Maxim Trevelyan. With his good looks, aristocratic connections, and money, he's never had to work and he's rarely slept alone. But all that changes when tragedy strikes and Maxim inherits his family's noble title, wealth, and estates, and all the responsibility that entails. It's a role he's not prepared for and one that he struggles to face. But his biggest challenge is fighting his desire for an unexpected, enigmatic young woman who's recently arrived in England, possessing little more than a dangerous and troublesome past. Reticent, beautiful, and musically gifted, she's an alluring mystery, and Maxim's longing for her deepens into a passion that he's never experienced and dares not name. Just who is Alessia Demachi? Can Maxim protect her from the malevolence that threatens her? And what will she do when she learns that he's been hiding secrets of his own? From the heart of London through wild, rural Cornwall to the bleak, forbidding beauty of the Balkans, The Mister is a roller-coaster ride of danger and desire that leaves the reader breathless to the very last page.

Going against my father's wishes might buy me a bullet straight from his gun, but black sheep or not, it's time to make my stand. She's worth the fallout.
