As riveting as a World War II thriller, *The Forger's Spell* is the true story of Johannes Vermeer and the small-time Dutch painter who dared to impersonate him centuries later. The con man's mark was Hermann Goering, one of the most reviled leaders of Nazi Germany and a fanatic collector of art.

The Forger's Spell

As riveting as a World War II thriller, *The Forger's Spell* is the true story of Johannes Vermeer and the small-time Dutch painter who dared to impersonate him centuries later. For seven years a no-account painter named Han van Meegeren managed to pass off his paintings as those of one of the most beloved and admired artists who ever lived.

Profiles the dramatic art hoax through which a small-time Dutch painter conned a reviled Nazi leader by creating works that impersonated those of famed artist Jan Vermeer, a seven-year deception during which the forger hid his mediocre artistic abilities through psychologically manipulative practices. 30,000 first printing.

As riveting as a World War II thriller, *The Forger's Spell* is the true story of three men and an extraordinary deception: the revered artist Johannes Vermeer; the small-time Dutch painter who dared to impersonate him years later; and the con man's mark, Hermann Goering, the fanatical art collector and one of Nazi Germany's most reviled leaders.

Looks at the life of Dutch painter Hans Van Meegeren, who emerges as an ingenious, dyed-in-the-wool crook who plied the forger's trade far longer than he ever admitted in a detailed story of deceit in the art world.

In the predawn hours of a gloomy February day in 1994, two thieves entered the National Gallery in Oslo and made off with one of the world's most famous paintings, Edvard Munch's *Scream*. It was a brazen crime committed while the whole world was watching the opening ceremonies of the Winter Olympics in Lillehammer. Baffled and humiliated, the Norwegian police turned to the one man they believed could help: a half English, half American undercover cop named Charley Hill, the world's greatest art detective. *The Rescue Artist* is a rollicking narrative that carries readers deep inside the art underworld -- and introduces them to a large and colorful cast of titled aristocrats, intrepid investigators, and thick-necked thugs. But most compelling of all is Charley Hill himself, a complicated mix of brilliance, foolhardiness, and charm whose hunt for a purloined treasure would either cap an illustrious

career or be the fiasco that would haunt him forever.

A tautly paced investigation of one the 20th century's most audacious art frauds, which generated hundreds of forgeries—many of them still hanging in prominent museums and private collections today. Provenance is the extraordinary narrative of one of the most far-reaching and elaborate deceptions in art history. Investigative reporters Laney Salisbury and Aly Sujo brilliantly recount the tale of a great con man and unforgettable villain, John Drewe, and his sometimes unwitting accomplices. Chief among those was the struggling artist John Myatt, a vulnerable single father who was manipulated by Drewe into becoming a prolific art forger. Once Myatt had painted the pieces, the real fraud began. Drewe managed to infiltrate the archives of the upper echelons of the British art world in order to fake the provenance of Myatt's forged pieces, hoping to irrevocably legitimize the fakes while effectively rewriting art history. The story stretches from London to Paris to New York, from tony Manhattan art galleries to the esteemed Giacometti and Dubuffet associations, to the archives at the Tate Gallery. This enormous swindle resulted in the introduction of at least two hundred forged paintings, some of them breathtakingly good and most of them selling for hundreds of thousands of dollars. Many of these fakes are still out in the world, considered genuine and hung prominently in private houses, large galleries, and prestigious museums. And the sacred archives, undermined by John Drewe, remain tainted to this day. Provenance reads like a well-plotted thriller, filled with unforgettable characters and told at a breakneck pace. But this is most certainly not fiction; Provenance is the meticulously researched and captivating account of one of the greatest cons in the history of art forgery.

The astonishing true story of America's most accomplished art forger: a kid from New Jersey who became a master, fooling experts and eluding the FBI for thirty years. Ten years ago, an FBI investigation in conjunction with the U.S. Attorney's Office in the Southern District of New York was about to expose a scandal in the art world that would have been front-page news in New York and London. After a trail of fake paintings of astonishing quality led federal agents to art dealers, renowned experts, and the major auction houses, the investigation inexplicably ended, despite an abundance of evidence collected. The case was closed and the FBI file was marked "exempt from public disclosure." Now that the statute of limitations on these crimes has expired and the case appears hermetically sealed shut by the FBI, this book, *Caveat Emptor*, is Ken Perenyi's confession. It is the story, in detail, of how he pulled it all off. Glamorous stories of art-world scandal have always captured the public imagination. However, not since Clifford Irving's 1969 bestselling *Fake* has there been a story at all like this one. *Caveat Emptor* is unique in that it is the first and only book by and about America's first and only great art forger. And unlike other forgers, Perenyi produced no paper trail, no fake provenance whatsoever; he let the paintings speak for themselves. And that they did, routinely mesmerizing the experts in mere seconds. In the tradition of Frank Abagnale's *Catch Me If You Can*, and certain to be a bombshell for the major international auction houses and galleries, here is the story of America's greatest art forger.

"[A] highly entertaining literary thriller about fine art and foolish choices." —Parade "[A] nimble mystery." —The New York Times Book Review "Gripping." —O, The Oprah Magazine Almost twenty-five years after the infamous art heist at the Isabella Stewart Gardner Museum—still the largest unsolved art theft in history—one of the stolen Degas paintings is delivered to the Boston studio of a young artist. Claire Roth has entered into a Faustian bargain with a powerful gallery owner by agreeing to forge the Degas in exchange for a one-woman show in his renowned gallery. But as she begins her work, she starts to suspect that this long-missing masterpiece—the very one that had been hanging at the Gardner for one hundred years—may itself be a forgery. *The Art Forger* is a thrilling novel about seeing—and not seeing—the secrets that lie beneath the canvas.

'The scientific techniques described encompass relevant examples of forgery detection and of authentication. The book deals, to name a few, with the Chagall, the Jackson Pollock and the Beltracchi

Download File PDF The Forgers Spell A True Story Of Vermeer And Greatest Art Hoax Twentieth Century Edward Dolnick

affairs and discusses the Isleworth Mona Lisa as well as La Bella Principessa both thought to be a Leonardo creation. The authentication, amongst others, of two van Gogh paintings, of Vermeer's St Praxedis, of Leonardo's Lady with an Ermine and of Rembrandt's Old Man with a Beard are also described. Over the last few decades there has been a disconcerting increase in the number of forged paintings. In retaliation, there has been a rise in the use, efficiency and ability of scientific techniques to detect these forgeries. The scientist has waged war on the forger. The Scientist and the Forger describes the cutting-edge and traditional weapons in this battle, showing how they have been applied to the most notorious cases. The book also provides fresh insights into the psychology of both the viewer and the forger, shedding light on why the discovery that a work of art is a forgery makes us view it so differently and providing a gripping analysis of the myriad motivations behind the most egregious incursions into deception. The book concludes by discussing the pressing problems faced by the art world today, stressing the importance of using appropriate tools for a valid verdict on authenticity. Written in an approachable and amenable style, the book will make fascinating reading for non-specialists, art historians, curators and scientists alike.

A riveting portrait of the Gold Rush, by the award-winning author of *Down the Great Unknown* and *The Forger's Spell*. In the spring of 1848, rumors began to spread that gold had been discovered in a remote spot in the Sacramento Valley. A year later, newspaper headlines declared "Gold Fever!" as hundreds of thousands of men and women borrowed money, quit their jobs, and allowed themselves- for the first time ever- to imagine a future of ease and splendor. In *THE RUSH*, Edward Dolnick brilliantly recounts their treacherous westward journeys by wagon and on foot, and takes us to the frenzied gold fields and the rowdy cities that sprang from nothing to jam-packed chaos. With an enthralling cast of characters and scenes of unimaginable wealth and desperate ruin, *THE RUSH* is a fascinating-and rollicking-account of the greatest treasure hunt the world has ever seen.

Recounts the search for a long-lost masterpiece by Italian Baroque master Michelangelo Caravaggio, following a young graduate student across hundreds of years and four countries to uncover the mystery of "The Taking of Christ."
