index you consistently earn higher rates of returns and come out on top in the long run this book explains why an the index revolution why investors should join it now legendary financial expert charles ellis on why every investor should join the index revolution and reap the benefits of low fee high performance investing what is the best

The evidence-based approach to a more worthwhile portfolio The Index Revolution argues that active investing is a loser's game, and that a passive approach is more profitable in today's market.

## Read Free The Index Revolution Why Investors

By adjusting your portfolio asset weights to match a performance index, you consistently earn higher rates of returns and come out on top in the long run. This book explains why, and describes how individual investors can take advantage of indexing to make their portfolio stronger and more profitable. By indexing investment operations at a very low cost, and trusting that active professionals have set securities prices as correctly as possible, you will achieve better long-term results than those who look down on passive approaches while following outdated advice that no longer works. "Beating the market" is much harder than it used to be, and investors who continue to approach the market

# Read Free The Index Revolution Why Investors

Should you invest with that mindset populate the rolls of market losers time and time again. This book explains why indexing is the preferred approach in the current investment climate, and destroys the popular perception of passive investing as a weak market strategy. Structure your portfolio to perform better over the long term Trust in the pricing and earn higher rates of return Learn why a passive approach is more consistent and worthwhile Ignore overblown, outdated advice that is doomed to disappoint All great investors share a common secret to success: rational decision-making based on objective information. The Index Revolution shows you a more rational approach to the market for a

Gathers articles on investment theory and practice, financial analysis, and portfolio management.

Praise for Don't Count On It! "This collection of Jack Bogle's writings couldn't be more timely. The clarity of his thinking—and his insistence on the relevance of ethical standards—are totally relevant as we strive to rebuild a broken financial system. For too many years, his strong voice has been lost amid the cacophony of competing self-interests, misdirected complexity, and unbounded greed. Read, learn, and support Jack's mission to reform the industry that has been his life's work." —PAUL VOLCKER,

In this fully revised and updated new edition, Ellis explains how you can be successful over the long run. Applying wisdom gained from half a century of working with the leading investment managers and securities firms around the world, he shows how you can easily avoid common traps and get on the right road to investment success. Winning the Loser's Game leads you through the simple steps of setting realistic objectives, deciding on a sensible strategy, and, most importantly, sticking with it.

John Bogle puts our obsession with financial success in perspective Throughout his

legendary career, John C. Bogle-founder of the Vanguard Mutual Fund Group and creator of the first index mutual fund-has helped investors build wealth the right way and led a tireless campaign to restore common sense to the investment world. Along the way, he's seen how destructive an obsession with financial success can be. Now, with Enough., he puts this dilemma in perspective. Inspired in large measure by the hundreds of lectures Bogle has delivered to professional groups and college students in recent years, Enough. seeks, paraphrasing Kurt Vonnegut, "to poison our minds with a little humanity." Page by page, Bogle thoughtfully considers what "enough" actually

insights, and new perspectives  
The Little Book of Common Sense  
Investing is the classic guide to  
getting smart about the market.  
Legendary mutual fund pioneer  
John C. Bogle reveals his key to  
getting more out of investing: low-  
cost index funds. Bogle describes  
the simplest and most effective  
investment strategy for building  
wealth over the long term: buy  
and hold, at very low cost, a  
mutual fund that tracks a broad  
stock market Index such as the  
S&P 500. While the stock market  
has tumbled and then soared  
since the first edition of Little  
Book of Common Sense was  
published in April 2007, Bogle's  
investment principles have  
endured and served investors  
well. This tenth anniversary

# Read Free The Index Revolution Why Investors

Should include updated data and new information but maintains the same long-term perspective as in its predecessor. Bogle has also added two new chapters designed to provide further guidance to investors: one on asset allocation, the other on retirement investing. A portfolio focused on index funds is the only investment that effectively guarantees your fair share of stock market returns. This strategy is favored by Warren Buffett, who said this about Bogle: "If a statue is ever erected to honor the person who has done the most for American investors, the hands-down choice should be Jack Bogle. For decades, Jack has urged investors to invest in ultra-low-cost index funds. . . . Today,

## Read Free The Index Revolution Why Investors

However, he has the satisfaction of knowing that he helped millions of investors realize far better returns on their savings than they otherwise would have earned. He is a hero to them and to me.” Bogle shows you how to make index investing work for you and help you achieve your financial goals, and finds support from some of the world's best financial minds: not only Warren Buffett, but Benjamin Graham, Paul Samuelson, Burton Malkiel, Yale's David Swensen, Cliff Asness of AQR, and many others. This new edition of The Little Book of Common Sense Investing offers you the same solid strategy as its predecessor for building your financial future. Build a broadly diversified, low-cost
