Earth is a battleground of good & evil and on it is fought the warfare which results in the eventual release of the imprisoned soul. The battle is spread out over a series of lifetimes and eventually you make a choice of which path to follow.

Soul and body are distinct orders of reality, and bodily existence involves a kind of violence to the higher part of our composite nature. The body is the "prison", the "tomb", or even, as some later Platonists expressed it, the "hell" of the soul.

In Aristotle this error is avoided. His definition of the soul as "the first entelechy of a physical organized body potentially possessing life" emphasizes the closeness of the union of soul and body.

"Bring my soul out of prison, So that I may give thanks to Your name; The righteous will surround me, For You will deal bountifully with me," (142:7). Though David is not in a literal prison, the feelings of being defenseless and powerless to escape his persecutors, accompanied by his speculation on what may become of him have utterly bound his soul in fear.

Spirit prison is believed by the Latter-day Saints to be both a place and the state of the soul between death and the resurrection, for people who have either not yet received knowledge of the gospel of Jesus Christ, or those who have been taught but have rejected it. It is a temporary state within the spirit world.

The Soul sits in its prison (the body) awaiting its release into the light beyond the prison window □ the release of death. This echoes the painter's Spiritualist belief, that the body is merely an earthly shell, an encumbrance, which the spirit longs to cast off in death, to move into the sun of the spirit-spheres.

Spirits - translated from Greek pneu masin [πνεύ μασιν'], the 'Invisible Elements' (Spirits) of Time, referencing the continually reincarnated soul. Prison - translated from Greek phylakē [φυλακῆ], guarded by, or guardians. New Testament. The subject takes its starting point from a Bible reference:

Previously available only through free distribution to prisons, this life-changing book is the result of charitable donations from sales of Chicken Soup for the Christian Family Soul and gifts from thousands of individuals.

In this brilliant work, the most influential philosopher since Sartre suggests that such vaunted reforms as the abolition of torture and the emergence of the modern penitentiary have merely shifted the focus of punishment from the prisoner's body to his soul.

'All limitations, external or internal, are prison-walls, and life is a limitation.' Presenting the less familiar, serious Wilde before and after his fall, this volume includes The Soul of Man, a manifesto on Individualism, De Profundis, the self-analysing piece he wrote in gaol, two open letters to the Daily Chronicle on prison injustice, and The Ballad of Reading Gaol, inspired by the execution of a fellow-prisoner.

ABOUT THE BOOK To read and understand Foucault is to know that you are not a free man, but in fact a prisoner/guard in a penitentiary named Western Society. Discipline and Punish changed the way the humanities and social sciences understood power and the way that I understood my place in the world. It answers questions like why non-conformists dress like all the other non-conformists and why we all try to hide the fact that we are singing to ourselves in our cars while simultaneously watching other people to see if they are singing to themselves. We all participate in maintaining the norms and rules of our society. In the Rebellious sixties, young people were attacking the establishment but they did not realize how deeply entrenched the power was and how it flowed, not from the top down, but out of all levels of society as a ubiquitous force. MEET THE AUTHOR Davidson received his BA from the University of Windsor and his MA from Carleton University. He teaches history at Eldercollege in Windsor, Ontario and has published a biography of Charles G.D. Roberts. You can follow his blog at [www.hubpages.com/bkeithdavidson](http://www.hubpages.com/bkeithdavidson). EXCERPT FROM THE BOOK Part one "Torture" begins with the gruesome execution of convicted regicide Robert-Francois Damiens who had attempted to murder Louis XIV and had his sins cleansed by making Amene Honorable. The rest of the book then has to explain how we have moved in only two hundred years from burning hot pincers removing the flesh from your bones to sitting in prison with three meals a day. The societal pressure for the move towards lenience began only decades after the grizzly death of Damiens and came from all levels of society. This period saw the focus of judicial punishment shift from the body to the soul. To use Foucault's phrase, "The soul is the prison

of the body.” The theatrical displays that accompanied of the earlier forms of punishment are now reserved for the court room. The second part “Punishment” starts with a discussion of the reform movement of the late eighteenth century that forced sovereigns and governments in general distance themselves from the violent act of killing. Judgement was put on display and punishment was hidden away. While capital punishment still exists, it is now done clinically and behind closed doors. Society itself was changing. There was a shift away from violent crimes into property related crimes. It is important to note that while many of the middle class philosophers were writing about this problem the demand for change came from all levels of the society. The lower classes were becoming more sympathetic to the plight of the condemned and even tried to help them at times. “Discipline” is the third part of the book and it deals with the training of the soul so that the society can exert power over it. This section deals with taking the human in any form and moulding it into the desired form. Foucault uses the example of the soldier and how this used to be a position that a man had to fit before he could join an army. Foucault saw a shift in the eighteenth century whereby armies started to believe that they could make soldiers out of any man no matter his condition. This philosophy extends into the society as school, hospital, and prison all have their methods, tests, and drills designed to create the model citizen. This section also explores how these institutions use the “political technology of the body” to control the space and time of the individual to create proper behaviour. Schedules and time tables are used to control the mind and organize the body. Buy a copy to keep reading!

Foucault's writings on power and control in social institutions have made him one of the modern era's most influential thinkers. Here he argues that punishment has gone from being mere spectacle to becoming an instrument of systematic domination over individuals in society not just of our bodies, but our souls. Throughout history, some books have changed the world. They have transformed the way we see ourselves and each other. They have inspired debate, dissent, war and revolution. They have enlightened, outraged, provoked and comforted. They have enriched lives and destroyed them. Now Penguin brings you the works of the great thinkers, pioneers, radicals and visionaries whose ideas shook civilization and helped make us who we are."

We never know where life will take us, and sometimes we must spend time in the darkness before God shows us the light. For Jermaine Reaves, a ten-year prison sentence would become a time of deep revelation and anointing by God. In *Letters to the Lord from the Soul of Jermaine Reaves*, author Jermaine Reaves shares his personal letters to God, which he wrote while coming to terms with his time in prison and his newfound Christian journey. Jermaine realized that God was using this time for him to be led by the Holy Spirit and find healing both for himself and for those around him. And whether he was facing struggles in prison or with his family, Jermaine would learn how to endure and rely on the blessings of God. The Christian journey can have obstacles and challenges along the way, but God always shows us direction and offers us guidance we have to only listen and watch for his signs and his revelations. Join Jermaine on his unique and difficult walk to find the guidance and salvation that only God and Christ can provide, and be inspired by the miraculous and compassionate ways of the Lord. <http://www.jermainereaves.com/>
