First published in 2005. Routledge is an imprint of Taylor & Francis, an informa company.

Princess Pulverizer may not be a knight yet, but she won't let that stop her from saving the day! Princess Pulverizer dreams of becoming a knight. Dribble the dragon, a companion on her Quest of Kindness, dreams of becoming a chef. So he's thrilled when he gets the chance to open a pop-up restaurant in the village they're visiting (though he has to stay hidden, since people are still pretty scared of dragons). But a jealous juggler isn't pleased with their arrival, and mysterious problems begin to arise. Villagers feel sick to their stomachs, then a barn burns to the ground--and Dribble is blamed! Can Princess Pulverizer help her friend before things go up in flames? Praise for Princess Pulverizer: Grilled Cheese and Dragons [*]"Very funny series . . ." --Publishers Weekly, starred review "A wacky adventure that stands out through highlighting its

heroine's foibles, giving her plenty of room to grow in future installments." --Kirkus "This spirited chapterbook is an obvious choice for Princess in Black grads and Hamster Princess fans." --Booklist "A strong series opener and a solid choice for those looking to increase their early chapter book holdings." --School Library Journal

YFM660F Grizzly 660 (2002-2008)

Drago loves the library. The smell of the books, the feel of the pages and of course what is on each and every page. Join him as he has one of the best experiences of his life.

Digital Milton is the first volume to investigate John Milton in terms of our digital present. It explores the digital environments Milton now inhabits as well as the diverse digital methods that inform how we read, teach, edit, and analyze his works. Some chapters use innovative techniques, such as processing metadata from vast archives of early modern prose, coding Milton's geographical references on maps, and visualizing debt networks from literature and from life. Other chapters discuss the technologies and platforms shaping how literature reaches us today, from audiobooks to eReaders, from the OED Online to Wikipedia, and from Twitter to YouTube. Digital Milton is the first say on a topic that will become ever more important to scholars, students, and teachers of early modern literature in the years to come.

The darkest of secrets sometimes linger for a lifetime. When they are finally exposed they can be like the discovery of an ancient tomb, perhaps better left alone, although never ignored. Aristotle Mercury's father knew too much, so he was silenced. With the help of his friends in the Russian mob, Aristotle's Uncle Jacob is able to move in and take over as the new head of the now successful factory that his own brother created. The year is 1968. As the Red Army's tanks roll into Wenceslas Square in the very heart of Prague, a seventeen year old Aristotle learns the horrible truth about his father. Five years ago someone else was murdered in his place to make it appear as if he was accidentally crushed under a factory press. Since then his father has been alive and imprisoned in the notorious Prague Institute for the Criminally Insane. In a daring rescue Aristotle retrieves his barely alive father from the bowels of the terrible prison. After a short time his father succumbs to the ravages of his imprisonment, but not before he divulges the location of the evidence which proves he owned the now thriving factory, and of Uncle Jake's murderous duplicity in stealing it from them. With the Russians taking over the country, and the mob closing in to eliminate the only living heir to a burgeoning fortune, Aristotle flees Czechoslovakia and makes his way to America, vowing to one day go back and even the score. He settles in New York, in Greenwich Village. He's honest and works hard to learn the new ways of a strange land. Soon he befriends his eccentric landlord, the elderly Mrs. Schroeder. Telly, as his new friends in America like to call him, ignites a withered spirit of adventure in the lady who still believes in the good in people. She owns some property, and Telly has a talent for building. They both learn Telly also has an eye for the deal. Together they first develop her land, and then other land in the exploding New York real estate market. Telly's ambitions lead him from the posh boardrooms of New York to the lucrative shores of

New Jersey, where he's almost killed as he constructs the world's largest casino. Never too far from his mind, always there to haunt and motivate him, Telly dreams of the day he will finally return to his homeland and exact vengeance on his Uncle Jake. In a sweeping saga of familial betrayal spanning three decades of intertwining lives, Telly Mercury finally gets his chance for justice. But does righting of wrongs of a demon filled closet come with a price too high? Secrets are sometimes better left untold, in spite of their screams from across the years to be heard. His own salvation hanging in the balance, Telly must somehow accept that forgiveness trumps retribution, and money truly can't buy happiness. And just maybe, as it is with Uncle Jacob, forgiveness is the worst possible epithet for a life lived in the accompaniment of the unquenchable thirst of greed and murder.

Graphic Violence provides an innovative introduction to the relationship between violence and visual media, discussing how media consumers and producers can think critically about and interact with violent visual content. It comprehensively surveys predominant theories of media violence and the research supporting and challenging them, addressing issues ranging from social learning, to representations of war and terrorism, to gender and hyper-masculinity. Each chapter features original artwork presenting a story in the style of a graphic novel to demonstrate the concepts at hand. Truly unique in its approach to the subject and medium, this volume is an excellent resource for undergraduate students of communication and media theory as well as anyone interested in understanding the causes and effects of violence in media.

From the bestselling 1001 series, comes a collection of 1001 quotations from numerous brilliant minds of the Ancient World through to the present day. With quotes from everyone including Marcus Aurelius, Sun Tzu, Shakespeare and Nietzsche through to Ellen DeGeneres, Nelson Mandela, Mark Zuckerberg and Monty Python's Flying Circus, there is an immense range of ideas, witticisms and musings to ponder. The quotations cover a wide range of topics, including art and literature, culture, philosophy, politics, psychology and religion, made accessible and brought to life by being placed in their historical contexts and accompanied by a wealth of illustrations.
