Studying on campus is a great way to enjoy the benefits of face-to-face education in a way that is far removed from a typical school. No matter which campus you choose, you know that you will be learning in an adult environment where you will be respected and nurtured.

Design and Build a Bicycle Frame - TAFE Queensland

In our brazing classes, traditional bicycle designs work best. Small bicycle designs offer the greatest challenge to the frame building student. Traditional bicycle designs usually include normal seat tube angles (73 or 74 degrees), and normal head tube angles (71 degrees for mountain bikes and 73 or 74 degrees for road bikes).
