Criminological theories : introduction, evaluation, and ...

Summary. In Criminological Theories the noted criminologist Ronald Akers provides thorough description, discussion, and appraisal of the leading theories of crime/delinquent behavior and law/criminal justice - the origin and history of each theory and its contemporary developments and adherents. Akers offers a clear explanation of each theory (the central concepts and hypotheses of each theory as well as critical criteria for evaluating each theory in terms of its empirical validity).

The goal of criminological theory is to help one gain an understating of crime and criminal justice. Theories cover the making and the breaking of the law, criminal and deviant behavior, as well as patterns of criminal activity. Individual theories may be either macro or micro. Theories can be used to guide policy making, and can be

Evaluation ...**

Rational choice theory originates from the oldest criminological
school of thought and criminological theorists, but the theory
itself is new, only forming in the last five decades. Ronald Clarke
and Derek Cornish, using the work of previous criminologists, put
forth the rational choice perspective as a criminological theory
