The National Development and Reform Commission of the People's Republic of China, formerly State Planning Commission and State Development Planning Commission, is a macroeconomic management agency under the State Council, which has broad administrative and planning control over the economy of Mainland China. It has reputation of being the "mini-state council". The candidate for the chairperson of the NDRC is nominated by the Premier of the People's Republic of China and approved by the National

National Development and Reform Commission - Wikipedia

The reforms were started by reformists within the Communist Party of China —led by Deng Xiaoping —on December 18, 1978, during the " Boluan Fanzheng " period. They went into stagnation after the 1989 Tiananmen Square protests, but were revived after Deng Xiaoping's Southern Tour in 1992.

Chinese economic reform - Wikipedia

China's reform will shift the economy from one based on government spending, state-run companies, and low-cost exports. It moves it toward private investment, entrepreneurial innovation, and domestic consumption. China needs to reduce overcapacity in factories. It must allow the market to absorb a stockpile of newly built and vacant homes.
