August 2010 and aims to create a globally accepted framework for a process that results in communications by an organisation about value creation over time.

International Integrated Reporting Council (IIRC)

The International Integrated Reporting Council (IIRC) is a global coalition of regulators, investors, companies, standard set ters, the accounting profession and NGOs. Together, this coalition shares the view that communication about value creation should be the next step in the evolution of corporate reporting.

SUMMARY OF SIGNIFICANT ISSUES - Integrated Reporting

The International Integrated Reporting Committee (IIRC) today released a Discussion Paper 'Towards Integrated Reporting - Communicating Value in the 21st Century'. The IIRC seeks to bring together world leaders from the corporate, investment, accounting, securities, regulatory, academic, civil society and

Integrated Reporting

The term business model was used extensively in the IIRC's September 2011 Discussion Paper, "Towards Integrated Reporting - Communicating Value in the 21st Century"¹, where it was identified as one of two "central themes for the future direction of reporting".²The Discussion Paper noted that although there "is no single, generally accepted definition of the term 'business model'... it is often seen as the process by which an organization seeks to create and sustain value."

BUSINESS MODEL - IFAC

Findings. The paper improves the understanding of the political nature of standard-setting in the context of integrated reporting. Among other things, the authors find that comment letters
