Intervention Team:

A Checklist...

A prereferral intervention system was implemented in three schools (two elementary, one junior high) in which consultation, observation, and intervention occurred before a student entered the typical referral-for-assessment phase.

that teachers

implement practices better when they are both supported and monitored by school personnel (generally, administrators).

Whatever intervention they end up selecting, the team must specify its duration. In many cases pre-referral interventions are implemented for a period of four to six weeks.
