Real War: Rogue States - GameSpot

Real War. Real War, despite its name, is not an accurate war game. Instead, it's another run of the mill strategy game trying to squeeze into the most saturated market in the industry. Real War's lack of realism doesn't just come in the form of smallish details that only grognard wargamers would notice.

Real War (2001) - PC Review and Full Download | Old PC Gaming

Assume control of a Middle Eastern country recovering from a violent revolution. It is up to you: Forge alliances, grow your economy, invade your neighbors, or pacify your population. Rogue State is a geopolitical strategy game that will force you to always stay one step ahead of your rivals to survive.

Rogue State on Steam

The game was released for PC (Windows). Real War: Rogue States is the sequel to Real War. The game allows users to command troops during the fight against a terrorist organization - called the "Independent Liberation Army". In Rogue States, the player has fourteen missions for single player mode, and new multiplayer options, thanks to which two players can command the same troops at the same time - one of them controls ground units and the other controls air troops.
