Restructuring Definition - Investopedia

The Global Restructuring of Agro-Food Systems. Across the world, food systems and agricultural systems are changing at a phenomenal rate. Widespread restructuring has not been confined to the production and distribution of food, though; many regions and even nations are undergoing social, political, and economic transformation as well. Bringing together twelve essays by scholars from a number of disciplines, I this timely book documents the interdependence of food systems, nation states, and ...

The Global Restructuring of Agro-Food Systems on JSTOR

Economic restructuring is used to indicate changes in the constituent parts of an economy in a very general sense. In the western world, it is usually used to refer to the phenomenon of urban areas shifting from a manufacturing to a service sector economic base. It has profound implications for productive capacities and competitiveness of cities and regions. This transformation has affected demographics including income distribution, employment, and social hierarchy; institutional arrangements |
