The Hunt for Excalibur, my sixteenth read from author Christopher Cartwright & the sixteenth book in the highly entertaining Sam Reilly series. A well-written rollicking thriller with captivating & well-developed main characters, probably the best in the series to date. Reminds me of Dan Brown's & James Rollin's writing. Up next is Ghost Ship.

The Excalibur is a well-done continuation of the Space Lore saga, a sci-fi reimagining of the Arthurian legend. I would highly recommend listening to the first book before going through the second, although it is not 100% necessary.
