The Invention Of Art A

He argues that the category of fine art is a modern invention—that the lines drawn between art and craft resulted from key social transformations in Europe during the long eighteenth century. The idea of fine art was inextricably linked to the development of new market economies and the rise of the middle classes, both constituting enormous changes in Western culture.

Timeline for invention in the arts - Wikipedia

Kim Hart. Dec 27, 2017 8:00am. The creation of art has, since its beginnings, been determined by what tools, techniques, and media are available to artists. While many inventions have made artmaking easier and available to all, others have ushered in radical concepts and new understandings of how we define "art."
