### The Jubilee Line Extension By

The Jubilee Line Extension is the extension of the London Underground Jubilee line from Green Park to Stratford through south and east London. An eastward extension of the line was first proposed in the 1970s and a modified route was constructed during the 1990s. It opened in stages from May to December 1999.

### Jubilee Line Extension - Wikipedia

The Jubilee Line Extension was one of the UK's biggest construction projects and the largest addition to the London Underground in more than 25 years. But it was severely behind schedule. Problems with tunneling and signaling had plagued the project and inspections were also behind schedule.

The Jubilee Line Extension is the extension of the London Underground Jubilee line from Green Park to Stratford through south and east London. An eastward extension of the Jubilee line was first proposed in the 1970s and a modified route was constructed during the 1990s. It opened in stages from the summer to Christmas 1999.

### Jubilee Line Extension | UK Transport Wiki | Fandom

Plans to extend the line were revived in the late 1980s, prompted by the Canary Wharf development and construction began in 1993 to develop the London Underground with the adopted name of the "Jubilee Line Extension" project.

### Jubilee Line Extension - WINCRO

The extension of London's Jubilee Line in the 1990's allowed large tracts of industrial property a few miles downriver from the city center to be redeveloped. With the promise of transit access to the city center, one of the largest development projects in Europe was set in motion and largely completed within 10 years.

### London - Jubilee Extension — North South Rail Link

The initial Jubilee Line opened on 1 May 1979, linking up the then most recent sections of Underground, the 4km (2.5 miles) of twin tunnels between Baker Street and Charing Cross, with the former Bakerloo Line branch between Baker Street and Stanmore. Approval for a further Jubilee Line extension was gained in March 1992.

### London Underground Jubilee Line - Railway Technology

The Jubilee Line is being called the last great British engineering feat of the 20th century. In this highly visual study, the architecture and design of the Jubilee Line Extension take centre stage.

### Jubilee Line Extension: Amazon.co.uk: Powell, Kenneth ...

The line opened in 1932 and was originally called the Fleet Line, but the name was changed to Jubilee two years after the Queen's Silver Jubilee, in 1979. It was successfully extended during the 1990s eastwards from Green Park to where it terminates in Stratford, but further extensions that were planned never actually came to light.

### The places that would have Tube stations if the Jubilee ...

The Jubilee line station is between Southwark and Bermondsey. It opened on 7 October 1999 as part of the Jubilee Line Extension, although trains had been running through non-stop from the previous month. It took months of major engineering works to relocate buried services in the surrounding streets to enable the Jubilee line's construction.

### London Bridge station - Wikipedia

The Docklands Light Railway (DLR) has big plans for an extension in south east London and beyond. Transport for London (TfL) has recent shared plans for the line to extend to Thamesmead and beyond, which would completely change the London Underground map.. Compared with the rest of London, the Thamesmead area is quite poorly connected.
