Visualizing refers to our ability to create pictures in our heads based on text we read or words we hear. It is one of many skills that makes reading comprehension possible. This method is an ideal strategy to teach to young students who are having trouble reading. Teaching Strategies:

Visualizing - TeacherVision

Visualizing. Readers pay attention to all of the describing words that an author uses to make the story come to life. In a picture book, the illustrator uses the author's words to create a picture that matches what's happening in the story. Readers can use the pictures to make sure that they are on the right track as they make their own movies in their minds.

Visualizing :: Reading Comprehension Lessons

We made visualizing concrete today with an empty box and an interesting object! I drew an eyeball on the box because we "see" mental images in our minds while we read. I also drew a question mark because as readers, we need to pay close attention to detail and descriptive language when visualizing.
